

sabzevar university of medical sciences

CURRICULUM VITAE

PERSONAL INFORMATION

Name: Ali

Surname: Mehri

Affiliation: Associate professor in health education and promotion, School of Public Health, Sabzevar University of Medical Sciences, Sabzevar, Razavi Khorasan, Iran

Tel: (office) +985144018354

Fax: 05144018424

Email: hadimehri1386@gmail.com, mehria@medsab.ac.ir

Webpage:

EDUCATIONAL BACKGROUND

PhD in Health education & health promotion, Tehran University of Medical Sciences, Iran

MSc. in Health education, Yazd University of Medical Sciences, Iran

BSc. in Nursing, Mashhad University of Medical Sciences, Iran

DISSERTATIONS

PhD Thesis Title:

Designing and psychometric of an assessment tool of violence against women among married men in Sabzevar city: A mixed method study

MSc Thesis Title:

THE EFFECT OF AN EDUCATIONAL PROGRAM BASED ON THE THEORY OF PLANNED BEHAVIOR ON HELMET USE AMONG EMPLOYED MOTORCYCLE DRIVERS

Awards and Ranks

- ✓ Rank 1 in PhD exam (Health education & promotion) in 2010
- ✓ Student of Ethical and Research in Tehran University of Medical Sciences

TEACHING EXPERIENCES

I: Teaching Experiences I

Bachelor course: From 2010 to now (2024

) in Sabzevar University of Medical Sciences, and Sabzevar Branch of Azad University:

Educational technology

Public health

Community Health Nursing

Nursing of individual and family health

Health Education

Health sociology

Health principles and first aid

communication

Health of students and schools

II: Teaching Experiences II

Master courses: From 2013 in Sabzevar University of Medical Sciences:

Health communication

Health sociology

PROFESSIONAL MEMBERSHIP

- ✓ Member of brilliant talented students of Tehran University of Medical Sciences (2013)

RESEARCH FIELDS OF INTERESTS

- ✓ Complexity theories and models in health education and promotion
- ✓ Settings health promotion
- ✓ Domestic violence
- ✓ SDH.
- ✓

CONFERENCE PARTICIPATION

1: Married men's experiences of domestic violence against their wives: a qualitative study

The 3rd International congress on Health Education(Poster)

2. Health Promoting Lifestyle and its Determinants Among University Students in Sabzevar, Iran. The 3rd International congress on Health Education(Poster)

3.Development and psychometric of a questionnaire for assessing of the causes of domestic violence in married men. The 3rd International congress on Health Education(Poster)

4: Fifth National Congress on Health Education and Health Promotion 2016: Self-efficacy and stress (Poster)

5: The rate of seat belt use and its related factors among drivers of Sabzevar vehicles based on psychological models.. 9th International Conference on Reducing Burden Of Traffic Accidents:Challenges & Strategies(Poster)

6. Predictors of helmet use among motorcyclists in Sabzevar city based on the theory of planned behavior (1397. 9th International Conference on Reducing Burden Of Traffic Accidents: Challenges & Strategies (Poster))

7. The study of the most important barriers of safe behavior in motorcyclists in Sabzevar (1397). 9th International Conference on Reducing Burden Of Traffic Accidents: Challenges & Strategies (Poster)

8: Martyr Motahari Festival 2017 in Iran: Structuring the management and educational program of brilliant talented students in medical science universities based on the theory of planned behavior with team approach (Poster)

9: 1 st Provincial Student Congress in Health Promotion 2018: The grounds for violence against women from the perspective of men: A qualitative study (Poster)

10: 1 st Provincial Student Congress in Health Promotion 2018: The Role of Families in Violence Against Wife: A Qualitative Study (Poster)

11: Martyr Motahari Festival 2018 in Iran: Needs assessment of students to improve management and leadership of brilliant talents development center based on behavioral intent and Zaraga and Falcon models (Poster)

12: The 9th National Congress of E-Learning in Medical Sciences 2018:

Effect of educational intervention based on social network of telegrams in reducing the consumption of hookah in students (Poster)

11: First National Conference on Arts and Health in Iran 2018: The destructive effects of modern communication devices on couples violence: A qualitative study (Poster)

12: First National Conference on Arts and Health in Iran 2018: The effect of training intervention based on the design of training messages based on the Extended process parallel model and the TTM on the promotion of treatment behavior of drug dependents (Poster)

13: National Congress of Nursing and Midwifery Students 2009: Damage location and age of nurses (Oral)

- 14: National Congress of Nursing and Midwifery Students 2009: Cystinosis in children (Oral)
- 15: First Conference on Spiritual Health 2013: Spiritual health and veil (Oral)
- 16: The 10TH Annual International ADDICTION SCIENCE CONGRESS 2016 RAZI HALL, Tehran, Iran: Predicting factors related to drug abuse treatment based on applying transtheoretical model (Oral)
- 16: Examining the relationship between demographic characteristics and protective behaviors against Covid-19 2021
- 17: Examining the relationship between the self-efficacy of people's physical activity and protective behaviors against Covid-19 2021
- 18: Design, implementation and evaluation of the internship course final practical test by OSCE method in public health students: A new approach to improvement the evaluation methods of public health student 2021
- 19: 1 st Provincial Student Congress in Health Promotion 2018: The role of treason in the creation of violence against women: A qualitative study (Oral) 2022
- 20: Predictors of the financial literacy Based on the BASNEF Model among Junior High School Students 2023
- 21: Effectiveness of the empowerment program based on the BASNEF model on improving the financial literacy of male students 2023
- 22: The effect of educational intervention based on competency model on Promoting preventive skills of substance abuse in girl's students of secondary high-school 2023
- 23: The Effectiveness of Educational Program on Preventive Domestic violent skills (Aggressive lifestyle) in women Based on Social Cognitive Theory 2023
